

# A Practical Guide on an ICF-based Ecological Cognitive Rehabilitation (ECR) Programme

Course Code: AE-24B-02

Upon completion of the programme, you will be able to:

- appreciate the crucial role of ECR from the WHO's ICF perspective
- get familiar with the ECR-related level-2 ICF categories in d1, d2 and b1 chapters
- understand functional cognition and the practice of ECR in centre, community and home settings
- assess different cognitive domains with standardised tests & clinical observation
- Appreciate the use of technology in ECR
- design and implement ECR treatment plan within the ICF framework
